

Master planning, Infrastructure planning and Strategic planning. (work of Jan Bredenoord)

Strategic Planning in the City of León, Nicaragua

Map of the Master plan of the City of León, Nicaragua.

Cover of Strategic Plan of León.

Map of the Master plan for León South East, the mayor urban expansion plan.

Right: Green structure

Execution of works: by involving the residents.

The volcano Cerro Negro.

The volcano Cerro Negro – at a distance of 17 km from León - erupted in 1995 and 1999. The effects have influenced the physical growth of the city (South and Southeast in stead of growth into the North)

With: the Municipalities of León, Nicaragua and Utrecht, Netherlands.
